# HOW TO SET UP A TRAVEL INDICATOR

If you are going on a trip and want to set a Travel Indicator on your Debit Card in GoBanking, go to your Account Summary, Card Tab, and click on the applicable card. Under Manage Card, select Travel Indicator and Create New Travel Indicator.

- Add the dates and location(s) you will be traveling to
  - You can also remove location(s) if plans change
  - Setting an alert helps prevent your card from being flagged for suspected fraud, which could lead to it being temporarily frozen
- Submit
