

HOW TO UPDATE ACCOUNT PREFERENCES

To update your account Preferences, go to Menu, Preferences.

Website

Phone

From this menu, you can:

- See a summary of your Customer Preferences
- Change your Security Contact
 - If you previously set up your email for confirmation codes, but want to switch to text message, do this here by clicking the “New” button
- Change your Login Name or Password
- View Account Info
- Update your Email Address
- Change Account Settings (instructions found in the Nickname, Order, Favorites & Hide Accounts How To guide)
 - Full account numbers can be viewed here
- Add a Secondary User(s)
- Access Opt In Agreements/Policies
 - Email Registration, Soft Credit Score & Online Banking Agreement
- Biometric Authentication – Mobile Phone Only
 - Enable fingerprint or facial recognition for quick login – works only if currently set up on your phone
