Phone

- **Nickname:** Next to Account Number, in the Name field, add whatever you want to nickname your account to easily keep track of accounts. This is especially useful when you have multiple accounts
- **Order:** If you have multiple of the same type of account (checking, savings, CD), you can add a number in the Order field to put your accounts in the order you want to view for each category
- **Favorite:** To set up Favorite accounts, check the Favorite box for each applicable account. This will add another category, Favorites, to your list of accounts and allows you to easily access the accounts you use the most
- **Hide:** To Hide an account you do not want in your list of accounts, check the Hide box. This will remove that account from the list of accounts you can see in the account summary
- Submit
- To edit, go back to the account settings and make desired changes and Submit
